A BRIEF HISTORY OF THE RACE.

The Lovelock Memorial Trophy was donated to the University of Otago Harrier Club for annual interclub competition in September 1936. It commemorates the victory of Jack Lovelock in the 1936 Berlin Olympics. Lovelock's win was remarkable in that he not only was the first New Zealander to win an Olympic Gold Medal, he also set a new World Record of 3m 47.8s. The Trophy was dominated in the early post war years by Civil Service. Canterbury University then took a stranglehold on it and relinquished it only four times between 1950 and 1962, once each to Leith and Christchurch Technical and twice to Caversham. Caversham regained it briefly in 1963 but then had to bow to a strong Otago University team who dominated the race from 1964 until 1975. During this time they set the race record of 24m12.6s. In 1972, Canterbury University re-appeared in 1975, lost it to Caversham and Mornington in the following two years but then strung together four successive victories between 1978 and 1981. Since then the Trophy has been divided between Hill City (4 wins) and Caversham and Otago University, both with 2 wins.

The aggregate wins by teams are as follows:

Canterbury University	14	Anglican	1
Otago University	12	Celtic United	1
Civil Service	11	Christchurch Technical	1
Caversham	7	Leith	1
Hill City	4	Mornington	1

The womens race was first held in 1969. In 1984 their distance was changed from 750m to 1500m, with Otago University winning in 20m59s. This time was demolished by the Hill City team in 1985 when they won in 19m55s. Since then Hill City have won the race once while Leith have been victorious in the last two years, last year setting a new race record of 19m46s.
