

1991 OTAGO UNIVERSITY LOVELOCK RELAY RESULTS

Thank you all for participating. Can't wait for next year ... We may even make it real tuff with a hurdle or two and a water jump! Who did the sun dance this year? It worked!

A record number of teams entered, making it perhaps one of the biggest relay events in Otago (61 as compared to 51 teams last year). Many clubs encouraged their social runners to participate (participation matters, not just competition, and everyone has to start from somewhere). The veteran grades will now continue to be part of the programme. Our apologies for any incorrect and some missing names. These results were compiled from the team lists given to us by individual clubs and the times recorded by the time-keepers.
